EDUCATION

Hunter College, City University of New York — **New York, NY**
B.A. Candidate (Pre-Medicine) | *Thomas Hunter Honors Program* | GPA: 3.9/4.0 — *Expected May 2029*
Relevant Courses: General Chemistry I & II, Organic Chemistry I, General Physics I, Human Anatomy & Physiology I

RESEARCH & PUBLICATIONS

Brooklyn College — **New York, NY**
Research Assistant, Dr. Anjana Saxena's Lab — *Jul 2026 – Aug 2026*
- Extracted RNA using TRIzol; assessed RNA concentration and purity using NanoDrop spectrophotometry (A_{260}/A_{280} & A_{260}/A_{230}).
- Assisted with experimental stock calculations and reviewed and presented literature on nucleolin interactions.

International Neuropsychological Society Fifty-Second Annual Meeting — **New York, NY**
Presenter — *Oct 2023 – Feb 2024*
- Presented a graduate-level scientific poster on the interactions between sleep patterns, hormones, and cortisol dysregulation to an international audience of neurologists and researchers.

IYRC Medicine and Research Program — **New York, NY**
Presenter — *Jun 2023 – Nov 2023*
- Authored and published a 10-page systematic review which was accepted to the International Neuropsychological Society's 52nd Annual Meeting; presented research at the IYRC Fall 2023 International Conference.
- Contributed to a rheumatoid arthritis community project and developed history and physical (H&P) note-writing skills.

Publication: Li, T. (2023). Sleep, hormones, and health: Unraveling the complex interplay and implications. *International Young Researchers' Conference.* doi.org/10.34614/2023IYRC_F59

CLINICAL & PROFESSIONAL EXPERIENCE

Weill Cornell Medicine — Heart-to-Heart — **New York, NY**
Volunteer — *Dec 2025 – Present*
- Document patient information on standardized forms and guide patients between clinical stations as a patient navigator.

Mayor's Office of Strategic Initiatives — **New York, NY**
Intern — *Jul 2025 – Aug 2025*
- Authored and presented a health inequity proposal to Deputy Mayor Ana Almanzar; researched effectiveness of social-emotional learning (SEL) in trauma-informed care.
- Coordinated schedules and served as scribe in interdisciplinary team meetings.

Advanced Oncology PC — **New York, NY**
Observer — *Jan 2025 – Jun 2025*
- Shadowed the chief oncologist in outpatient care and supported 10+ older patients during blood tests and clinical procedures.
- Welcomed 15+ patients daily and organized online intake paperwork.

NYC Health + Hospitals/Metropolitan — **New York, NY**
Observer — *Aug 2024 – Sep 2024*
- Shadowed the chief neurologist during 4+ weeks of inpatient rounds; assisted with patient paperwork and care coordination.

MetPals — **New York, NY**
Intern — *Jun 2024 – Aug 2024*
- Completed 100+ hospital volunteer hours, measured vital signs under clinical supervision, and attended specialist lectures.

COMMUNITY SERVICE

Tzu Chi Foundation — **New York, NY**
Volunteer — *Jun 2024 – Nov 2025*
- Managed distribution lines for 200+ community members and organized inventory during supply shortages.

SKILLS

Laboratory: TRIzol RNA extraction, NanoDrop, RNA purity assessment, laboratory stock calculations
Research & Technical: literature review, systematic review writing, poster presentations, Microsoft Excel, Google Workspace
Language: English (Native), Cantonese (Conversational), and Mandarin (Conversational)
